

Voice Workshop ~
An Introduction to Gaelic Song

Taught by Heather MacLeod
2024 Pipers' Gathering

This workshop will include songs sung entirely in Scots Gaidhlig as well as songs that incorporate both English and Gaidhlig (macaronic). We will discuss some of the typical pronunciation challenges encountered by non-native Gaidhlig speakers when singing in Gaidhlig.

For those participants who are interested, Heather will provide

- sheet music of all songs used in the workshop
- a pronunciation “cheat sheet”

Note ** This workshop is not intended to teach the Gaidhlig language! **
